INTRODUCTION

Dear Colleague,

We are pleased to announce that Giant Leap Conference will be held on Friday, May 3–Sunday, May 5, 2024.

The conference will deliver focused, educational updates to approximately 200 healthcare providers, highlighting clinically relevant advances in the management of patients with chronic liver disease (CLD) and gastrointestinal (GI) disorders. It will feature an interactive format to enhance its educational impact. Internationally renowned hepatologists and gastroenterologists will lead the development of educational content and will serve as program faculty. The faculty will review state-of-the-art developments in GI disorders and CLD, including gastroparesis (GP), inflammatory bowel disease (IBD), irritable bowel syndrome (IBS), diet and GI cancer, C. difficile, hepatocellular carcinoma (HCC), cirrhosis, nonalcoholic fatty liver disease (NAFLD), and nonalcoholic steatohepatitis (NASH).

The forum will deliver emerging scientific findings and incorporate expert opinions on best practices for the diagnosis and management of patients with CLD and GI disorders.

Sincerely,
